Dear Participants,

RE: AFRICAN PUBLIC PRIVATE PARTNERSHIP CONFERENCE 2011

On behalf of the Office of the Deputy Prime Minister and Ministry of Finance, and Government of the Republic of Kenya, I am delighted to invite you to the 3rd edition of the African Public Private Partnership Conference which will be hosted in Kenya.

The African PPP event has in the three years of its existence evolved into Africa's premier event for all stakeholders in the area of infrastructure development through public private partnerships.

Building on the experiences of the past three years, the 3rd African PPP conference will continue to examine the principles needed to establish the legal and economic framework to implement PPP initiatives while also exploring future opportunities.

It is indeed an honour to our country to play host to this important event. One of the features this year will be a Kenya focused infrastructure investment session and I hope that delegates will seize the opportunity to explore what investment opportunities exist here.

On behalf of the government of the Republic of Kenya, I look forward to personally welcoming you to our beautiful country and to the 3rd edition of the African PPP conference.

Yours Sincerely,
